

Name _____

Bank Account Balances

Add or subtract to complete the checkbook. Use the inverse operation to check your work.

Mr. Hall's Checkbook				Check your work:
Check Number	Date	Description	Amount	
100	9/1	Starting Amount	\$592	$\begin{array}{r} \$514 \\ + \quad 78 \\ \hline \$592 \end{array}$
		PAN Electric Company	<u>78</u>	
101	9/3	Dr. Marks, Dentist	<u>125</u>	$\begin{array}{r} \\ + \\ \hline \end{array}$
		Deposit of Cash	<u>+ 150</u>	$\begin{array}{r} \\ - \\ \hline \end{array}$
102	9/8	Gate Telephone Company	<u>49</u>	$\begin{array}{r} \\ + \\ \hline \end{array}$

- Ms. Lam started with \$506 in her bank account. Then she wrote a check for \$387 to pay for a car repair. She says that she has \$893 left in her account. Is this amount reasonable? Explain.

- Mrs. Trent started with \$873 in her bank account. Then she wrote a check for \$391 to pay for a computer class. She says that she has about \$500 left in her account. Is this amount reasonable? Explain.
